## **Virtual Magnifying Glass 3.3.1**

The magnifier moves with the mouse.

TO HIDE THE MAGNIFIER, click the mouse or press <Esc> or <Ent>.

TO SHOW THE MAGNIFIER, click on the tray icon or use a hotkey (<Ctrl-Alt-m> by default).

Dimensions can be changed with the Arrow keys, and the magnification can be changed with the + and - keys (on the numeric keypad) or with the mouse wheel.

Press Q to close the program.

To start the program automatically, make a shortcut to the "magnifier.exe" file and place it in the Startup folder.
